

## Alexandria Gazette

FRIDAY EVENING, MARCH 7.

ANGLO-VIRGINIANS.—A correspondent of the Richmond Dispatch, writing from London, says:—Among Anglo Virginians we have two representatives of English peerages in abeyance. If every man had his rights Mr. Drew, of Chase city, would be "Baron Milton" of an older creation than the lordship of Milton so well known in the White Sulphur Springs region, while Mr. Morris, of Richmond, is the real heir to the dignities of Wentworth Dilloe, the poet, who was Earl of Roscommon. Mr. T. F. Dillon, the grandfather of Mr. Morris, could have assumed the title and taken his seat in the House of Lords, but did not care to do so in consequence of the alienation of the family estates. Mr. T. F. Dillon's only surviving son went down in the Princess Alice disaster on the Thames last fall, and the old title being heritable in the female line would thus be vested in Mr. Morris as the son of Mr. T. F. Dillon's oldest daughter, if the right man were put in the right place. These facts I have had fully established during some investigations which have developed upon me while in London. The Dillons of Virginia, of whom the late Dr. Jas. Dillon, of Farmville, was the chief, are also descended by a younger line from Wentworth Dillon. I used to have many conversations with old Dr. Dillon about the family estates, which he always believed could be recovered; but I have satisfied myself that Mr. T. F. Dillon, grandfather of Mr. Morris, in his lifetime was convinced that nothing could be regained but a useless title. There is no doubt that the Dillon estates have passed away from the true heirs, but an eminent Q. C. assures me that at this late date there is not the slightest hope of redress. The ancient earldom of Roscommon, like the Earldom of Liebfeld (which General Robert E. Lee represented,) will therefore henceforth be only of interest to antiquaries. It may be noteworthy that there is a monument to Wentworth Dillon in Westminster Abbey. Mr. Morris can, at all events, indulge a pardonable pride in an illustrious ancestor.

## MEDICINAL.

## LIVER

This important organ weighs but about three pounds, and all the blood in a living person (about three quarts) passes through it at least once every half hour, to have the bile and other impurities strained or filtered from it. Bile is the natural purgative of the bowels, and if the Liver becomes torpid it is not separated from the blood, but carried through the veins to all parts of the system, and in trying to escape through the pores of the skin, causes it to turn yellow or a dirty brown color. The stomach becomes diseased and Dyspepsia, Indigestion, Constipation, Headache, Biliousness, Jaundice, Chills, Malarial Fevers, Piles, Skin and Scrofula, and all general debility follow. **MERRELL'S HEPATINE**, the great vegetable discovery for torpidity, causes the Liver to throw off from one to two ounces of bile each time the blood passes through it, as long as there is an excess of bile; and the effect of even a few doses upon yellow complexion or a brown, dirty looking skin, will astonish all who try it—they being the first symptoms to disappear. The cure of all bilious diseases and Liver complaint is made certain by taking Hepatine in accordance with directions. Headache is generally cured in twenty minutes, and no disease that arises from the Liver can exist if a fair trial is given. Take no pills when you can get Hepatine at the same price. For sale by all Druggists. **PRICE 25c and \$1.**

## LUNGS

The fatality of Consumption or Throat and Lung Diseases, which sweep to the grave at least one third of all deaths' victims, arises from the Opium or Morphine treatment, which simply stupefies as the work of death. It is at least once every half hour, to have the bile and other impurities strained or filtered from it. Bile is the natural purgative of the bowels, and if the Liver becomes torpid it is not separated from the blood, but carried through the veins to all parts of the system, and in trying to escape through the pores of the skin, causes it to turn yellow or a dirty brown color. For sale by all Druggists. **PRICE 25c and \$1.**

## BLOOD

Grave mistakes are made in the treatment of all diseases that arise from poison in the blood. Not one case of Scrofula, Syphilis, White Swelling, Ulcerous Sores and Skin Diseases in a thousand is treated without the use of Mercury in some form. Mercury rots the bones, and the diseases it produces are worse than any other kind of blood or skin disease can be. Doctor **PENBERTON'S STILLINGIA OR QUINA'S DELICIOUS** is the only medicine upon which a hope of recovery from Scrofula, Syphilis and Mercurial diseases in all stages, can be reasonably founded, and that will cure Cancer, \$10.00 will be paid by the proprietors if Mercury, or any ingredient not purely vegetable and harmless can be found in it. Price by all Druggists \$1.

## Alexandria Gazette for 1879.

ONE OF THE OLDEST AND BEST ESTABLISHED PAPERS IN THE COUNTRY.

THE ONLY DAILY PAPER IN NORTHERN VIRGINIA.

CIRCULATION STEADILY INCREASING—ONE OF THE BEST ADVERTISING MEDIUMS IN THE STATE.

The ALEXANDRIA GAZETTE began Jan. 1st its EIGHTIETH ANNUAL VOLUME.

a newspaper that has won its long life by the survival of the fittest amid hundreds of journals that have been its contemporaries from time to time during the four score years that its columns have shown "the age and body of the time."

The Gazette aims to be a journal of high character—early in the receipt of news and prompt in giving to its readers the latest advices, foreign and domestic.

Its policy is to do justice without fear, favor or affectation; to give honest judgments of public measures and public men; but to trench on the sacred privacy of no man's hearthstone.

It expects to render faithful service to the city, state and the country by a candid criticism of men and events in the interest of the people of the Commonwealth of Virginia.

With the coming year all the long tried and improved methods of making a standard newspaper will be continued with such additional facilities as past experience justifies the proprietor in believing will add to the capacity of the Gazette to serve its readers.

The news of the National Capital will be carefully looked after. The year 1879 will see the control of both branches of Congress returned to the Democratic Conservative party, and this section of the country, so unjustly dealt with for many years, may look to see fairer measures inaugurated. Since the seat of the Federal Government was established in Washington the Government has never been without a full representation in the corps of correspondents there, and special pains will be taken this year that everything of interest, especially such matters as have a special reference to Virginia, shall be promptly and fully reported. The proceedings of the Legislative, Executive or Judicial Departments of the Government will find their earliest record in the columns of the Gazette.

Its Richmond correspondence will be unusually attractive—full in everything that concerns our local interests, faithful in all things, trenchant and graphic.

The record of events in the State of Virginia will be fully kept up, but to the intelligence of that section of the Commonwealth which nature has bound to Alexandria by the curvature of its mountains or the courses of its rivers, as well as that portion linked to us by the iron bands of railways, the Gazette will be especially and assiduously devoted.

The Business and Commercial columns of the Gazette will be filled with the earliest and most exact commercial news, edited with such painstaking care as will render an error, where even slight errors are dangerous, impossible.

The Cash Markets of all the leading cities of the world whose rates affect this market will be quoted, and regular statements of the Baltimore, Georgetown, Washington and Alexandria sales of cattle will appear.

The Flour, Grain and Produce movements will be noted daily, and the sales of the Alexandria and neighboring markets given with accuracy and dispatch. The Grocery and other markets will receive constant attention, and the money or stock markets of the country epitomized for its columns, full details being given as local stocks, &amp;c., which find investors in this section of the country.

To advertise in the Gazette means additional trade. This experience has proved.

## LEGAL NOTICES.

IN ADMIRALTY.—In the District Court of the United States for the Eastern District of Virginia.

Albert Bangs vs. The schooner "Annie Bell".

Whereas the said libellant has filed a libel setting forth that he is a mariner on board the said schooner, and has served as such since the 6th day of June, 1878, at the rate of \$15 per month, the wages being due and payable for all that period, and by virtue of process issued thereon the said schooner "Annie Bell" has been seized by the Marshal of the said District, which process is returnable on the 31st day of April, 1879, and whereas the said libel prays the usual process and motion of the court; that all persons interested in the said schooner, or her cargo, or her furniture, may be cited to answer the said premises, and all due proceedings being had, that the same may be decreed to be sold and the proceeds distributed according to law.

Therefore, in pursuance of the said motion under the seal of said court, do I, directed and decreed, do hereby give notice generally unto all persons having, or pretending to have any right, title or interest therein, and to John Givens, owner and master of said vessel, in special, to appear before the said court, at the city of Alexandria on the 31st day of April, 1879, at a certain day, or else on the next court day thereafter, at ten o'clock in the forenoon, then and there to answer the said libel, and to make their allegations in that behalf.

Dated at Alexandria, the 20th day of February, 1879. KEMPER &amp; BRENT, Feb 24-2w
